

Food Justice Momentum Team 08-12-09

To accomplish today:

- Update on Friday with tce
- Hunger action month
- 9/26

- Friday meeting – all momentum teams in the same place
- Oriented phi to what is happening in city heights
- Developing a web portal that might work a bit like facebook
- Monthly mt and rt meetings – no agreement or action – do we want to do that [inter-mt meeting]

A-discussion of how – email, electronic okay but face-to-face is better. Should it be one person or should it be rotating?

How often does this mt going to keep meeting? If its monthly it might be easier to get people to other meetings

Suggest we have a sunset clause that we revisit having these meetings in about 3 months
Can it be tied into the networking council meeting

Some discussion about what the networking council should do/function
maCan it be tied into the networking council meeting

Some discussion about what the networking council should do/function
Maybe we should have people attend other mts rather than a special meeting
Proposed that we have a small group that rotates attending this meeting
Maybe the coordinating council members can do it since they are attending meetings anyway
Okay but it limits the leadership positions to a few people
Networking council doesn't bring the residents in because of the time
Recommend we have a dialogue about time and not just assume – eg early morning beats mid-day

Propose that we move this meeting to Wednesdays at 5:30 – 7:00 starting two weeks from today –
August 26-every other week

Need to have childcare and that it relate to food justice

After the 26th move to monthly meetings

Need to also look at the structure of the meeting – to insure that process connects with residents

Consensus as long as there is childcare – ellee will do first meeting childcare, fernanda will cook, lisa will bring plates, etc

HUNGER ACTION MONTH (sept)

Action every week

Have a community dinner – 2th of September

Use actions to recruit people for 9/26

3rd – looking for someone to do that night

10th irc

17th fa

24th – fjmt dinner

Combine music with the 24th –do something small on the 3rd – do a food job on the 3rd – flier areas of city heights to leave food on the porch and pick it up use it to recruit for other events

Need to find leaders within our group and then have a set of guidelines

SEPTEMBER 26TH

- Going to be 10-2 – going to be an open house – have not received any rules – we are planning a table that has material on what the fjmt is doing – and still leave space for people to see that they can shape the work of the teams
- Poster board that shows mission what we've been doing potential of new projects
- Make it interactive – make it accessible to all members of the community
- Have questions for people
- What is the Role of the 26th is to market the fjmt – do tours of the farmers market
- Consider creating the space for smaller conversations asking people about how they see food justice and what are their needs
- Getting questions from the house meetings and posting them for people
- Use creative visuals – like an empty lot – lift sheet and show a community garden
- We can involve youth in being part of the open house – facilitate some of the smaller conversation

OPEN HOUSE DETAILS

- Make it visual – use pictures
- Bi-lingual youth reps
- Have sign-up with interests and time issues
- Have a calendar with all times and people can put dots on the best time for them
- What have we done
- Possible have a display of a community garden - - use the tours of community garden

Work on getting volunteers for the meeting on the 26th
