

Notes from School Attendance Momentum Team Subcommittee Meeting

Thurs, Sept 10

questions that came up for clarification: (I am sure you have addressed this in some shape of form or will be doing plenty tomorrow morning, I am just the messenger)

- what is the plan with the entertainment listed on one of the handouts?

Do you need entertainment? or can we suggest groups to you?

(specifically from blond woman from Youth Voice- sorry I forgot her name)

-for the items needed for the open house, regarding tables and chairs.

one sheet said they will be provided one table and 2 chairs. another form says need to pay for additional. The School Attendance ideally would like 4 but not if we need to pay.

- can volunteers bring their own materials- i.e. tables and chairs?

- is all of the food provided free? water available? or are we linking up with the farmers market for people to purchase?

- have we contacted local radio stations? can people contact if they have connections?

- want to know the exact set up of the tents/space that day.

- is there an actual stamp for these passports? are those materials being provided?

Notes from 5:00-6:00pm

Spreading the word- everyone said they can commit to sending out the flyer to various list serves to residents and people that work in City Heights.

Open House

game- doing drop box w/ pieces of paper for what parents with sons/daughters in schools in City Heights would think would create their dream school. All 8 posters with positive phrases (for example, instead of saying students drop out because they are afraid of their documentation status, bullying, etc we would put a school where they are supported by peers, faculty and staff) and parents could drop a piece of paper in the corresponding box. This will allow our team to get the perceptions of the parents of City Heights.

Tent logistics- all members of this tent are to wear a bright yellow t-shirt, would like to hand out an apple (if we can get those donated??) outside of the tent- welcome committee to bring in groups being led by youth.

inside of the tent - members further explaining putting the paper in the box and explain what our group works on and how we need them, tell about the next meeting, give handout with bullet point information

-want to make sure we all have a consistent message - pick favorite stat? or one that is compelling?

-want to have sign up sheet for those who are really motivated to be in the loop

- want Melissa to put her flyers in bright yellow as well (she was putting together the small/short handout)

Next meeting 10/6 5-7pm location TBD
