

**The most commonly found litter in the world is cigarette butts!  
Help us reduce cigarette litter in San Diego!**

## **SAN DIEGO LIVE AND PLAY SMOKE FREE PROJECT**

### **San Diego Live and Play Smoke Free Project 2009 Park Clean Ups Start in September 09**

Our work continues to evaluate the smoke-free parks ordinance by cleaning 24 parks in San Diego of cigarette litter. Last year we collected 43 thousand cigarette butts in these parks.

**Help us inform our fellow San Diegans that you  
can't smoke in the parks!**

If you participate by cleaning a park 2 times, once in September and once in October, your group will earn \$30 per park!  
Incentive items will also be raffled out to group participants.
