To Whom It May Concern:

Hamilton Elementary and North Swan Canyon Neighborhood Association extend a strong letter of support to our dedicated parents that are members of the English Learner Advisory Committee at both Hamilton Elementary and Monroe Clark Middle School. The voice of parents needs to be heard in order to make sure that the ten identified outcomes for the California Endowment Initiative are met. ELAC parents are committed in making sure that the 9-month planning process is successful and that the voices of parents and children are heard.

Hamilton Elementary and Monroe Clark both have representatives to the District English Learner Advisory Committee of which I have been the secretary for three years. Thus they have a voice in reaching out to many other schools in the San Diego Unified School District. They also represent the diverse ethnic and linguistic background of students in our school district.

We look forward in being a part of the 9 month planning process and to make the California Endowment Initiative a success in City Heights in the next 10 years.

Sincerely,

Valentina Hernandez
Hamilton ELAC Chair
North Swan Canyon Neighborhood Association, Vice-Chair
Hamilton Elementary and Monroe Clark Parent
District English Learner Advisory Council Secretary
Neighborhood House Association Policy Council member
City Heights Area Planning and Project Area Committee Member
